

Haldia, 30th November, 2015: India Power Corporation Limited, in association with the Radhanagar Samikshan Action Research Society, is organizing an **Eye and Paediatric Camp** on November 30 2015 at the Bright Future Club in Mednipore, West Bengal. The camp will provide health screenings to children and eye check-ups for both children and adults.

This camp is the latest in a long succession of endeavours that the company has taken up as a responsible corporate citizen. In the past, IPCL has conducted several other, similar camps, and has taken up other initiatives such as tree planting drives, distribution of school supplies and installation of drinking water fountains.
